ABOUT US

IDENTITY

The knowledge of an ancient craft

The unmistakable style of Italian design

The timeless elegance of haute couture

All this is Sitap Carpet Couture Italia: our carpets turn any home into a place of emotion.

STORY

Sitap is a family business in which passion, innovation and tradition have been the driving force for over sixty years. It was 1955 when Mario Bosoni, a bright businessman from Piacenza, in the province of Piacenza, decided to make his way into the furniture trade, specializing in the production of natural-fibre carpeting and the sale of modern-design carpets. From this experience, in 1993 came Sitap. In 2011, Gian Mario Bosoni stepped into his father's tracks to guide the company towards a new season of success. In 2014 he was joined by his wife Barbara Trombatore, who manages the Centro Stile and is the creative force behind the project. Under Gian Mario's direction, Sitap revolutionized its image and vocation, growing into a point of Italian excellence in the world of carpets.

INSPIRATION

Sitap's collections draw inspiration from high fashion creations: just like the latest creations paraded on runways around the world, our carpets are renewed every season, allowing countless combinations of patterns, colours and materials under the mark of Italian elegance.

CUSTOM-MADE

A carpet is like a tailored suit: it has to be a perfect fit. That's why Sitap makes custom-made carpets, guiding each customer in the choice of patterns and materials best suited to their style and needs. Customers can then get their own unique carpets that are the ideal complement to their homes.

CONTRACT

Sitap's Contract Division develops customized solutions for business companies, hotels, offices, architects and interior designers. The Centro Stile can provide specifically made materials and designs. Just like a business card, a carpet reflects the identity of a setting and contributes to create a warm, refined atmosphere in any room.

Support for our four-legged friends

Sitap is promoting an important initiative in support of our four-legged friends. Part of the proceeds from the Carpet Chef My Style catalogue will go to two non-profit organizations personally selected by Barbara Trombatore: Angeli Randagi and Angeli con la Coda. These two associations work to defend animal rights, raise public awareness and fight all forms of exploitation, and to provide aid and refuge to stray cats and dogs.

CHI SIAMO

IDENTITA'

La sapienza di un mestiere antico

Lo stile inconfondibile del design italiano

L'eleganza senza tempo di un abito d'alta moda

Tutto questo è Sitap Carpet Couture Italia: i nostri tappeti trasformano le vostre case in luoghi di pura emozione.

STORIA

Sitap è un'azienda familiare in cui passione, ricerca e tradizione si rinnovano ogni giorno da oltre sessant'anni. È il 1955 quando Mario Bosoni, abile imprenditore di Piacenza, entra nel mercato dell'arredamento specializzandosi nella produzione di moquette

in fibra naturale e nel commercio di tappeti di design contemporaneo. Dalla sua esperienza, nel 1993, nasce Sitap. Nel 2011, Gian Mario Bosoni segue le orme del padre per guidare l'azienda verso una nuova stagione di successi. Al suo fianco, dal 2014, la moglie Barbara Trombatore, responsabile del Centro Stile e anima creativa del progetto. Sotto la sua direzione, l'azienda rinnova radicalmente immagine e vocazione, trasformandosi in un'eccellenza italiana nel mondo del tappeto.

ISPIRAZIONE

Le collezioni Sitap s'ispirano alle creazioni dell'alta moda: come gli abiti che sfilano sulle passerelle di tutto il mondo, così i nostri tappeti si rinnovano di stagione in stagione, dando vita a infinite combinazioni di fantasie, colori e materiali nel segno dell'eleganza made in Italy.

SU MISURA

Un tappeto è come un abito sartoriale: deve calzare a pennello. Per questo, Sitap realizza tappeti su misura, guidando ogni cliente alla scelta della fantasia e del materiale più adatto al proprio stile e alle proprie esigenze. Nascono così dei veri e propri pezzi unici, per "vestire" alla perfezione ogni casa.

CONTRACT

La divisione Contract di Sitap studia soluzioni personalizzate per aziende, alberghi, uffici, studi di architettura e di interior design. Il Centro Stile è in grado di proporre materiali e disegni realizzati ad hoc. Come un biglietto da visita, ogni tappeto rispecchia l'identità di un luogo e contribuisce a creare un'atmosfera accogliente e raffinata in ogni ambiente.

Un aiuto agli amici a quattro zampe

Sitap promuove un'importante iniziativa di solidarietà a favore dei nostri amici a quattro zampe. Parte dei proventi dei tappeti del catalogo Carpet Chef My Style vengono devoluti a due Onlus selezionate personalmente da Barbara Trombatore: Angeli Randagi e Angeli con la Coda. Queste due associazioni operano in difesa degli animali e dei loro diritti, con l'obiettivo di sensibilizzare l'opinione pubblica, combattere ogni forma di sfruttamento e fornire aiuto e assistenza a cani e gatti randagi.

CENTRO STILE...

It's Now!

THE STYLE CENTRE...IT'S NOW!

Sitap's Centro Stile is the company's creative laboratory - the place where ideas are born.

VALUES

Italian character: Each carpet comes from the creativity of a young team of Italian designers gathered together in Sitap's Centro Stile and drawing inspiration from the winning ideas in fashion, art and design.

Quality: Our carpets, designed in Italy, are manufactured by trusted partners in countries that have centuries-old traditions in weaving, such as India, Turkey, Tibet, Morocco and Egypt. Under the direction of Sitap's Centro Stile, local craftsmen and women work at making the finest yarns into beautiful carpets of extraordinary quality.

Elegance: Fashion is the first source of inspiration for Sitap's collections, which every year are enriched with new, surprising creations. Our carpets follow the latest trends in design, colours and textures: for the first time, Italian sartorial skills are being applied to the world of carpets.

Carpet Chef My Style 2017

The My Style line includes a fine selection of carpets from around the world distributed by Sitap. The catalogue presents an incredibly large variety of models that can bring a touch of style to any indoor or outdoor setting: living rooms, bedrooms, kitchens or patios. This collection is based on a "musical mouth-watering" inspiration: pastry master chef Marco Pedron has created an assortment of gourmet praline biscuits to match the sections of the catalogue. Part of the proceeds from this catalogue will go to the non-profit organizations Angeli Randagi and Angeli con la Coda, two associations that work in animal protection.

Il Centro Stile Sitap è il laboratorio creativo dell'azienda: il luogo in cui nascono le idee.

VALORI

Italianità: ogni tappeto nasce dalla creatività di un giovane team di designer italiani, riuniti all'interno del Centro Stile Sitap, che traggono ispirazione dalle eccellenze nella moda, nell'arte e nel design.

Qualità: i nostri tappeti, disegnati in Italia, vengono realizzati da partner di fiducia in Paesi che vantano una secolare tradizione nella tessitura, come India, Turchia, Tibet, Marocco ed Egitto. Guidati dal Centro Stile Sitap, gli artigiani locali trasformano i filati più pregiati in tappeti di straordinaria qualità e bellezza.

Eleganza: la moda è la prima fonte d'ispirazione per le collezioni Sitap, che si arricchiscono ogni anno di nuove, sorprendenti creazioni. I nostri tappeti seguono le ultime tendenze in fatto di design, cromie e texture: per la prima volta l'abilità sartoriale italiana viene applicata al mondo del tappeto.

Carpet Chef My Style 2017

La linea My Style include un'accurata selezione di tappeti realizzati in tutto il mondo e distribuiti da Sitap. Il catalogo presenta un'ampissima varietà di modelli per arredare con stile ogni ambiente, dal living alle camere, dalla cucina all'outdoor. Questa collezione ha un'ispirazione "golosa musicale": lo chef pasticciere Marco Pedron ha realizzato una serie di cioccolatini-biscotto in abbinamento alle sezioni del catalogo. Parte dei proventi di questo catalogo viene devoluta alle Onlus Angeli Randagi e Angeli con la Coda, due associazioni che operano in difesa degli animali.

The partnership between the pastry chef Marco Pedron and Carpet Chef My Style comes to a new chapter with a new exclusive creation: **Biscoteque**.

The chef has created four praline biscuits representing the bond between music and chocolate getting inspiration into 4 musical genres: Rock, Pop, Funky and Dance.

The first combination is the praline biscuit: **Argento-Rock**, with a blending of Coffee Hazelnut and Cardamom that reminds David Bowie's alien world.

"Play that funky music white boy Till you die, oh till you die" with these words the Wild Cherry sang at the end 50's with a Soul, Blues and R&B mixture; expressed by the **Blu Cobalto-Funky** praline with the union of Moscovado Meringue, Mango and Candied Yolk.

Do you feel nostalgic about the wonderful 80's? Giorgio Moroder electric sounds in Dance and its uncontrollable energy are contained into the fourth praline biscuits **Rubino-Dance** with Matcha tea, Almond and Raspberry.

The pleasure given by such a high level pop as Michel Jackson's one is gifted by the second praline chocolate **Oro-Pop** with Caramel, Pecan nut and Popcorn.

You will live the Biscoteque experience in the fantastic Sitap Carpet Couture Italia world...

Have a nice dream!!!

Continua il sodalizio dello Chef pasticcere Marco Pedron con Carpet Chef My Style. Lo chef ha creato in esclusiva **Biscoteque**; quattro cioccolatini-biscotto connubio di musica e cioccolato ispirato a quattro generi musicali, Rock, Pop, Funky e Dance.

Il primo della lista è il cioccolatino-biscotto **Argento-Rock** quindi... quale abbinamento potrebbe essere più importante del Caffè, del Cardamomo e delle Nocciole al mondo alieno androgino di David Bowie alias Ziggy Stardust.

" Suona quella musica funky, ragazzo bianco finché non morirai, finché non morirai " oh sì si cantavano i Wild Cherry verso la fine degli anni ' 50 una miscela di Soul, Blues e R&B...come la miscela di Meringa al Moscovado, Mango e Tuorlo Candito del terzo cioccolatino-biscotto **Blu Cobalto-Funky**.

Hai nostalgia dei meravigliosi anni' 80...? con i suoni elettronici di Giorgio Moroder nella musica dance che sprigionavano un'energia irrefrenabile per immergerti nelle danze più sfrenate come la danza del quarto cioccolatino-biscotto **Rubino-Dance** al the Matcha, Mandorla e Lamponi.

Quando il Pop è colto è un piacere per le orecchie ascoltare The King of Pop; con questo appellativo veniva chiamato Michael Jackson, ed è un piacere per il palato Il secondo cioccolatino-biscotto **Oro-Pop** con Caramello, Noci Pecan e Pop Corn.

Tutte queste emozioni espresse da **Biscoteque** le vivrete nel fantastico mondo di Sitap Carpet Couture Italia...

Buon viaggio!!!

NOTE IMPORTANTI

Le foto del catalogo, pur essendo il più possibile simili ai tappeti originali, possono talvolta presentare lievi differenze di tonalità, sia a causa della stampa in quadricromia, sia per possibili variazioni di tonalità tra una partita e l'altra dei filati.

E' possibile che alcune fibre si stacchino dal tappeto durante le prime settimane.

E' il normale spoglio della felpa. Queste fibre in eccesso vengono eliminate passando l'aspirapolvere.

Per i tappeti a pelo alto e voluminoso il fenomeno è più accentuato e dura più a lungo.

E' importante non utilizzare spazzole o battitappeto, ma solo l'aspirapolvere senza spazzole.

Per evitare errori ed accelerare l'evasione degli ordini, si consiglia di trasmetterli direttamente alla nostra Sede a mezzo fax al n. 0523/511.655 oppure a mezzo e-mail all'indirizzo sitap@sitap.it.

The catalogue photos, though being as similar as possible to the original carpets, can sometimes present slight differences in shade, due to the four-colour printing and the possible variations in shade between the different batches of yarns.

Some fibres may become detached from the carpet for a few weeks after the installation. This is due to a normal plush shedding. These excess fibres are removed by vacuuming. For high pile voluminous carpets the phenomenon is more accentuated and lasts longer.

It is important not to use brushes or carpet sweepers, but only brushless vacuum cleaners.

To avoid errors and accelerate the dispatch of orders, send them directly to our headquarters by fax at no. 0523/511.655 or by e-mail to sitap@sitap.it.
