Linea UB Pantografato

Pantografato complesso, profondo e impegnato in particolare a seguire linee classiche con geometrie e colori. L'effetto più ricercato è quello di una bugna simile a quella vera in legno massiccio.

Le laccature nelle varie soluzioni bianche rendono queste porte però adatte ad ambienti sobri e moderni.

Grooved complex, deep and dedicated in particular to follow classic lines with geometries and colors.

The greatest effect sought is that of a panel like the real one in solid wood.

Lacquers in the various solutions white make these ports but suitable for sober environments and modern.

Linea UB Pantografato Decò

Pantografato complesso spesso arricchito con ulteriori fregi e segni, profondo e impegnato in particolare a seguire linee classiche con geometrie e con i colori patinati e caldi.

Assieme all'effetto di una reale bugna in legno massiccio qui si ricercano soluzioni grafiche aggiuntive per il decoro mediante incisione o altra forma decorativa

Le laccature nelle varie soluzioni bianche patinate (integrabili con tocchi in oro e argento) rendono queste porte adatte ad ambienti importanti e classici.

Grooved complex often enriched with additional decorations and signs, deep and dedicated in particular to follow classic lines with shapes and colors with coated and hot.

Together with the effect of a real solid wood raised panel here seeking additional graphics solutions for decoration by incision or other decorative form

The lacquered in patinated white various solutions (integrated with touches of gold and silver) make these doors suitable for environments and important classics.
