Beauty itself doth of itself persuade / The eyes of men without an orator  
William Shakespeare

*Era il 1970 quando Rino Zari un giovane artigiano con la passione dell'ottone e delle fusioni, decise di fare del proprio estro e delle proprie capacità, la colonna sonora della propria vita.*

*Nacque così dalla determinazione e dalla iniziativa di questo artigiano, la Arredamenti S. Marco, piccola realtà locale che ben presto si presentò al più ampio panorama nazionale con notevoli successi.*

*Nel corso degli anni tante sono stati i traguardi e i riconoscimenti raggiunti grazie anche alle collaborazioni con gli architetti e i designers più importanti a livello nazionale.*

*La produzione si è fortemente ampliata e diversificata, i materiali si sono rinnovati, arricchiti, non più solo ottone e alluminio, ma anche ferro, rame, legno, vetro, ingredienti di una cucina sapiente e passionale dove la parola d'ordine è una sola: eccellere.*

*Trentasei anni di lavoro, di dedizione, di soddisfazioni, per questa azienda che mio padre, oggi commendatore del lavoro, ha curato quasi come un quarto figlio e che pienamente rappresenta, con CorteZari il gusto e l'eleganza di ambienti raffinati e propositivi, caldi e familiari.*

*Con stima e affetto,  
Simone Zari*

*DEGLI UOMINI, SENZA BISOGNO DEGLI ORATORI”*

W. Shakespeare

In 1970 Rino Zari, a young craftsman with a passion for brass and casting, decided to base his future livelihood on his own creativity and capabilities.

As a result of this craftsman's determination and initiative "Arredamenti San Marco", a small local business, was started and, soon afterwards it was successfully introduced to the wider national market.

Thanks to work done with the help of the country's most important designers and architects the company has made many conquests and received numerous acknowledgements over the course of the years.

Production has been intensely extended and diversified, and materials have been renewed and enriched - in addition to brass and aluminium, now iron, copper, wood and glass are used as well - these are the components of a skilful, passionate craft with a single-worded motto: Excel.

My father, who is now a "Commendatore del Lavoro", with thirty-six years of work, dedication and fulfilment, has looked after this company almost like a fourth child and it, along with CorteZari, fully portrays the warm, homely, stylish elegance of refined, evocative spaces.

*With affection and respect,  
Simone Zari*
